

Maui Businesses support B&B's and Vacation Rentals

Dear Mayor Tavares and Maui County Council members:

The following businesses wish to acknowledge the vacation rental owners for their contribution to our community. We understand that the tourist dollar is a vital lifeline for Maui. I am disappointed that the County of Maui is closing down Bed and Breakfast and Vacation Rental Homes because of outdated zoning rules.

Up until now the County has allowed, and encouraged, the development of these worthwhile businesses because of the worldwide appeal and benefits they provide our local economy. But outdated and burdensome regulations have made it impossible for more than 2% of these people to obtain permits to operate.

Before putting local families out of business, please adopt reasonable regulations and give people a chance to comply with them.

Thank you
